

PharmaDist Wholesale ERP

Complete Operating Guide & Video Script

A crystal-clear, step-by-step operating handbook for wholesale medicine distributors: From adding medicines to receiving factory stock (GRN), strict FEFO batch sales, DRAP wholesale tax invoice printing, market recovery, and profit audits — with every button location and full abbreviation clearly explained.

⚡ 100% Offline (No Internet Needed)

🌐 Local Wi-Fi Multi-PC & Mobile

📦 Strict FEFO (First-Expire, First-Out)

🧾 DRAP A4 Wholesale Invoices & Challan

SOFTWARE PLATFORM

PharmaDist Wholesale ERP v1.0.0

PRIMARY CURRENCY

Pakistani Rupee (PKR / Rs.)

REGULATORY STANDARD

DRAP (Drug Regulatory Authority of Pakistan)

ACCOUNTING INVARIANT

Strict FEFO Batch Allocation & FIFO Credit Dues

1 All Short Forms with Full Names & Plain-English Meaning

In pharmaceutical wholesale distribution, several abbreviations are used. Here is what every term means in plain, simple English:

SHORT FORM	FULL NAME	WHAT IT MEANS IN PLAIN ENGLISH
TP	Trade Price	The manufacturer's wholesale price at which distributors purchase and bill to pharmacies.
MRP	Maximum Retail Price	The consumer price printed on the medicine box for retail patients.
GRN	Goods Receipt Note	The official warehouse document recorded when factory consignments arrive (Stock-In).
FEFO	First-Expire, First-Out	The system automatically picks the earliest-expiring batch first to eliminate expired stock losses.
FIFO	First-In, First-Out	When receiving customer payments, the oldest unpaid bill is cleared first.
AR	Accounts Receivable	Total credit money owed to your agency by pharmacies and medical stores.
AP	Accounts Payable	Total unpaid debt your agency owes to pharma manufacturers and vendors.
COGS	Cost of Goods Sold	The exact original purchase cost of the items sold, used to calculate true profit.
DRAP	Drug Regulatory Authority of Pakistan	The federal government regulatory body governing pharmaceutical licensing, sales, and labeling.
NTN / STRN	National Tax No. / Sales Tax Reg. No.	Official FBR tax registration numbers printed on legal wholesale invoices.
SKU	Stock Keeping Unit	The unique catalog code assigned to each medicine in the database.
P&L	Profit and Loss	The financial accounting statement showing business Gross and Net Profit.
RCT / INV	Receipt / Invoice	RCT = Payment collection voucher serial; INV = Wholesale sales invoice serial.

2 Connecting Other Office PCs & Mobile Devices via Local Wi-Fi

PharmaDist is **100% Offline**. No internet connection is ever required. Multiple computers and phones communicate seamlessly over your local office Wi-Fi router:

MAIN SERVER COMPUTER

Holds master database (`wmdms.db`).
Run application here first:

`http://localhost:3000`

BILLING WORKSTATION (PC 2)

Connects via Server's Local IPv4 address in browser:

`http://172.20.100.127:3000`

MOBILE ORDER BOOKERS

Salesmen connected to office Wi-Fi book orders instantly:

`http://172.20.100.127:3000`

 **Easy Wi-Fi Connection Tip:** Open Command Prompt on the Main Server PC and type `ipconfig`. Look for the IPv4 Address (e.g. `172.20.100.127`). All other computers and mobile devices simply open `http://[Your-IP]:3000` in their web

Pre-Configured Login Accounts

ROLE	LOGIN EMAIL	DEFAULT PASSWORD	ASSIGNED PERMISSIONS
Super Admin (Owner / CEO)	admin@pharmadist.com	admin123	Full unrestricted access, settings, backup, team accounts, and audit logs.
Sales Manager	sales.manager@pharmadist.com	sales123	Create orders, manage customer rates, approve credit limit overrides.
Warehouse Officer	warehouse@pharmadist.com	warehouse123	Receive factory consignments (GRN), inspect batches, transfer stock.
Accounts Officer	accounts@pharmadist.com	accounts123	Record recoveries, print money receipts, log expenses, audit P&L.

3

Initial Setup (One-Time Configuration)

When starting the system for the first time, complete these 4 initial configuration steps:

1

Company Profile & DRAP Wholesale License Setup

URL: /settings

Screen Location: Left Sidebar Menu → Administration → System Settings → Tab 1: General

Enter your registered wholesale firm details that will appear on all printed invoices and delivery challans:

Company Name: Registered agency name (e.g. Al-Noor Pharma Distributors)

DRAP License No: Wholesale license (e.g. DRAP/WDL/LHR-4921)

NTN / STRN: FBR tax registration numbers

Warehouse Address: Complete godown street address and phone number

Click the blue button at bottom-right: "Save Changes".

2

Warehouse (Godown) & Storage Racks Architecture

URL: /warehouses

Screen Location: Left Sidebar Menu → Inventory → Warehouses → Top-Right: + New Warehouse

Create your storage facility name (e.g. Central Main Warehouse). Inside, designate shelf/rack locations (e.g. Rack A-01 (Antibiotics) , Cold Chain #1 (Insulin)) so warehouse staff can locate items in seconds.

3

Manufacturers (Pharma Companies) & Suppliers Registry

URL: /manufacturers and /suppliers

Screen Location: Left Sidebar Menu → Master Data → Manufacturers / Suppliers → Top-Right: + Add Supplier

Register licensed pharmaceutical companies (GSK, Abbott Laboratories, Getz Pharma, Searle). Input supplier contact names, phone numbers, NTN, and credit terms (e.g. 30 Days Net).

4

Medicines (Master Drug Catalog) Registration

URL: /medicines

Screen Location: Left Sidebar Menu → Master Data → Medicines → Top-Right: + Add Medicine

Clicking the button opens a modal window. Fill in the medicine specifications:

Medicine Name: Augmentin 625mg Tablets or Panadol 500mg

Generic Formula: Amoxicillin + Clavulanic Acid

Manufacturer: Select company from dropdown (e.g. GSK)

Dosage Form: Tablet, Syrup, Injection, or Capsule

Trade Price (TP): Wholesale cost rate (e.g. Rs. 240.00)

Retail Price (MRP): Price printed on the box (e.g. Rs. 280.00)

Wholesale Discount: Standard wholesale discount (e.g. 5%)

Reorder Alert Level: Minimum box quantity for alerts (e.g. 50 Packs)

Click "Save Medicine". The medicine is now active in your catalog!

5

Customer Pharmacies & Credit Limit Governance

URL: /customers

Screen Location: Left Sidebar Menu → Master Data → Customer Pharmacies →

Top-Right: + Add Customer

Register medical stores, retail pharmacies, and hospital procurement departments:

Pharmacy Name: Al-Shifa Medicos or City Pharmacy

Owner Mobile / Phone: Contact number (e.g. 0300-1234567)

Credit Limit (PKR): Maximum allowed debt (e.g. Rs. 250,000)

Drug License No: Pharmacy license (e.g. DL-2026-9812)

Assigned Route: Sales territory (e.g. Jail Road, Saddar)

Credit Max Days: Maximum allowed days (e.g. 15 or 30 Days)

⚠ Credit Barrier Protection: If Al-Shifa Medicos exceeds their Rs. 250,000 credit ceiling, the system locks their order automatically and requires a Sales Manager override approval to proceed.

6

Sales Representatives (Order Bookers / Field Staff) Setup

URL: /distributors

Screen Location: Left Sidebar Menu → Master Data → Sales Representatives →

Top-Right: + Add Rep

Register field order booking agents and delivery staff. Assign specific market routes and monthly sales targets to track their recovery and commission performance.

4

Daily Wholesale Operational Workflow

7

Receiving Factory Shipments (Purchase Intake GRN)

URL: /purchases/new

Screen Location: Left Sidebar Menu → Procurement → Purchase Intake (PackagePlus Icon)

When delivery trucks arrive with factory consignments, open this intake form:

1. Select Supplier: Choose manufacturer (e.g. Getz Pharma)

2. Delivery Challan No: Manufacturer invoice number (e.g. DC-7864)

3. Select Medicine: Medicine name (e.g. Augmentin 625mg)

4. Batch Number: Batch printed on carton (e.g. BT-9942)

5. Expiry Date: Expiry printed on carton (e.g. 2028-06-30)

6. Quantity Received: Number of boxes received (e.g. 500 Packs)

7. Unit Purchase Cost: Actual cost rate per box (e.g. Rs. 200.00)

8. Warehouse Rack: Physical rack coordinate (e.g. Rack B-04)

Click the blue button: "Submit Purchase Consignment".

✨ Immediate Updates: 500 boxes are added to your warehouse stock, Batch BT-9942 is registered, and the supplier's balance in Accounts Payable (AP) updates instantly.

8 Wholesale Order Booking (Strict FEFO Batch Engine)

URL: /sales/new

Screen Location: **Left Sidebar Menu** → **Wholesale Sales** → **New Sale Order (ShoppingCart Icon)**

When a pharmacy places an order or an order booker returns from the market:

- 1. Customer:** Al-Shifa Medicos (Live Credit Gauge displays current debt)
- 2. Sales Rep:** Select booking agent
- 3. Add Medicine:** Choose medicine (e.g. Augmentin 625mg)
- 4. Quantity:** Number of boxes (e.g. 50 Packs)

⚡ **FEFO Auto-Allocation Advantage:** You do NOT have to search for batches manually! PharmaDist automatically selects the **earliest expiring valid batch** in your godown to ensure no expired stock ever gets stranded on your shelves.

Click "**Confirm & Create Sale Order**".

9 Printing DRAP Form 2–A Tax Invoices & Delivery Challans

URL: /invoices

Screen Location: **Left Sidebar Menu** → **Wholesale Sales** → **Tax Invoices** →

Action Column: Print Icon (🖨️)

In the invoice table, click the Print icon next to any bill. A modal opens with two dedicated buttons:

📄 Print Tax Invoice (A4 Standard)

Includes Batch Number, Expiry Date, TP, MRP, wholesale discounts, tax, and authorized signature seals. Given to the pharmacy customer.

🚚 Print Delivery Challan

Omits commercial financial prices. Contains only quantities, item names, and batch numbers for delivery drivers and stock dispatchers.

10 Market Recovery Collections & Printable Money Receipts (RCT)

URL: /payments

Screen Location: **Left Sidebar Menu** → **Finance & Accounts** → **Collections & Receipts** →

Top-Right: + Record Collection

When salesmen return with cash or cheques collected from pharmacies:

- | | |
|--|---|
| Select Customer: Al-Shifa Medicos (Displays total pending debt) | Amount Received: Amount collected (e.g. Rs. 50,000) |
| Payment Method: Cash, Cheque, Bank Transfer, or Raast | Collected By: Sales representative who submitted funds |

Click "**Confirm Collection**".

🌟 **FIFO Automated Debt Clearance:** The system automatically clears the customer's oldest pending invoices first and opens a printable **Money Receipt (RCT-2026-0001)** for customer issuance.

11

Operating Business Expenses Logging

URL: /expenses

Screen Location:

Left Sidebar Menu

→

Finance & Accounts

→

Operating Expenses

→

Top-Right: + Record Expense

Record warehouse rent, utility bills, tea/stationery, salesman fuel allowances, and marketing promotions. These expenses are deducted to compute true Net Operational Profit.

12

Executive Profit Cockpit (Gross Profit vs Net Profit)

URL: /profit

Screen Location:

Left Sidebar Menu

→

Finance & Accounts

→

Profit & Financials (TrendingUp Icon)

The primary executive cockpit for business owners, displaying 4 core live indicators:

SALES REVENUE Rs. 1,500,000 Total Invoiced	COGS (PURCHASE COST) Rs. 1,200,000 Batch Cost Basis	GROSS PROFIT Rs. 300,000 20.0% Margin	NET PROFIT Rs. 240,000 After All Overheads
--	---	---	--

13

Management Reports Hub & Excel / CSV Export

URL: /reports

Screen Location:

Left Sidebar Menu

→

Reports & Analytics

→

Reports Hub

→

Top-Right: Export Excel (.xls)

Access 9 specialized reports: Customer Balances (AR), Supplier Liabilities (AP), Warehouse Stock Valuation, and 30-Day Batch Expiry Watchdog. Download any report to Excel (.xls) or CSV with a single click.

14

Database Backup Download & Instant Disaster Recovery

URL: /settings (Tab 8)

Screen Location:

Left Sidebar Menu

→

Administration

→

System Settings

→

Tab 8: Backup & Maintenance

Click "Download Live Database (.db)". Save the file to an external USB flash drive or secure storage.

 Disaster Recovery Runbook (If Server Hardware Fails): On your replacement computer, simply copy your backup file into the prisma/ folder, rename it to wmdms.db , and launch the application. In less than 60 seconds, 100% of transactions, ledgers, and inventory history are fully restored!

5 Client Demonstration Video Recording Script (8 Easy Scenes)

Turn on your screen recorder and read this exact script into your microphone for an impressive, professional demonstration:

Scene 1: Platform Introduction

0:00 – 0:45 (45 Seconds)

Screen Focus: Main Dashboard Cockpit (/dashboard)

"Welcome! Today we are demonstrating PharmaDist Wholesale ERP — an enterprise management platform built specifically for pharmaceutical stockists, wholesale distributors, and medicine agencies. Operating 100% offline with zero internet required, PharmaDist seamlessly connects all office workstations and field mobile order bookers over local Wi-Fi."

Scene 2: Executive Dashboard Metrics

0:45 – 1:15 (30 Seconds)

Screen Focus: Real-Time KPI Cards & Expiry Feed

"On the executive dashboard, the business owner gains immediate visibility into today's sales revenue, cash recoveries, total pharmacy debt receivables, and supplier liabilities. Notice the live 30-day batch expiry alerts that guarantee no unsold expiring medicine ever gets stranded in your warehouse."

Scene 3: Factory Stock Intake (GRN)

1:15 – 2:15 (60 Seconds)

Screen Focus: Procurement → Purchase Intake (/purchases/new)

"Now let's receive a shipment from a pharmaceutical manufacturer. We select Getz Pharma, choose Augmentin 625mg, enter the factory batch number, expiry date, purchase cost, and warehouse rack location. Upon clicking Submit, inventory stock and supplier accounts payable update synchronously."

Scene 4: Wholesale Order Booking & FEFO Engine

2:15 – 3:45 (90 Seconds)

Screen Focus: Wholesale Sales → New Sale Order (/sales/new)

"Next, let's book an order for a client pharmacy. Notice how selecting Al-Shifa Medicos instantly displays their credit utilization gauge. As we add items, PharmaDist's FEFO engine automatically selects the earliest expiring batch to prevent expired inventory loss. The system also holds orders if the customer exceeds their credit limit."

Scene 5: DRAP Single-Page Tax Invoice & Challan

3:45 – 4:30 (45 Seconds)

Screen Focus: Invoices List → Print Icon (/invoices)

"With one click, PharmaDist generates a single-page DRAP-compliant Wholesale Tax Invoice with complete batch numbers, expiry dates, Trade Prices, and legal warranty endorsements. Simultaneously, a non-priced Delivery Challan is generated for dispatch staff and delivery drivers."

Scene 6: Market Collections & Money Receipts

4:30 – 5:15 (45 Seconds)

Screen Focus: Finance → Collections (/payments)

"When field recovery agents return, we record payments via cash or cheque. PharmaDist applies FIFO settlement against the oldest outstanding bills and prints an official Money Receipt voucher for the customer."

Scene 7: Profit Cockpit

5:15 – 6:00 (45s)

Scene 8: Backup & Closing

6:00 – 6:30 (30s)

"Here on the Profit Cockpit, distributors analyze exact Gross Margins and Net Operational Profit after deducting warehouse expenses and staff allowances."

"Finally, data security. In the Backup tab, administrators can download a full SQLite database snapshot with one click to guarantee complete data sovereignty. Thank you!"
