3

Save Button Dabayein

Neela button **Save My Email & Password** dabayein. Foran green message aayega aur aap ka naya password active ho jayega!

Important Note: Agar aap sirf email badalna chahte hain aur password wahi purana rakhna chahte hain, toh password ke dono khayay khali chorh dein aur Save dabayein!

3

Factory Se Stock Dakhil Karna (Purchase Intake)

Nayi peti receive karein, Batch aur Expiry likhein aur godown me stock add karein

Jab dawa banane wali factory ya supplier se gari aye aur peti godown me dakhil ho, toh stock dakhil karne ka aasan tareeqa yeh hai:

Tasveer 3: Purchase screen me Supplier aur Godown ke saath inline "+ New" buttons diye gaye hain.

1

Form Kholein

Dashboard par neelay card **+ Add Factory Stock** par click karein (ya menu se *Factory Purchase* par jayein).

2

Supplier & Godown Select Karein

Dawa banane wali company select karein. Agar company list me nahi hai, toh dropdown ke saath hi **+ New Supplier** ka button dabayein aur 10 second me company add karein! Godown select karein (saath hi **+ New Godown** button bhi majood hai).

3

Supplier Invoice # Likhein

Factory ki taraf se aane wale invoice ya delivery chalan ka number likhein.

4

Dawa, Batch Number Aur Expiry Likhein

Dawa select karein. Peti par likha **Batch Number** (maslan BX-2026-01) likhein. **Expiry Date** calendar se select karein. Kitni taadad (Qty) aayi aur kitna Bonus mila likhein.

5

Cost Price Aur Trade Price (TP) Likhein

Aap ko dawa kitne ki mili (Cost Rs.) aur market me kitne ki bechni hai (TP Rs.) likhein.

6

Stock Save Karein

Form ke aakhir me **Save & Receive Factory Stock** dabayein. Stock foran aap ke inventory me dakhil ho jayega aur company ka khata update ho jayega!

DRAP Qanoon: Dawa ke har batch ki Expiry Date sahi likhna lazmi hai taake system bechte waqt pehle expire hone wali dawa pehle bahar nikaal sake (FEFO).

4

Customer Ko Dawa Bechna Aur Naya Bill Banana

Automatic FEFO (Pehle Expire Hone Wala Pehle Bechein) aur instant bill print

Jab kisi medical store, clinic ya hospital ko dawa bechni ho, toh Dashboard se sabz button **+ New Sale Bill** dabayein. Yahan 3 asaan steps hain:

Tasveer 3-Step Sale Screen jahan Customer dropdown ke saath "+ New Customer" button aur FEFO Earliest Expiry badge nazar aata hai.

1

Step 1: Customer Pharmacy Select Karein

Medical Store ka naam select karein. Agar medical store pehli dafa aayi hai toh dropdown ke upar **+ New Customer** button dabayein aur foran register karein (page se bahar jane ki zaroorat nahi!). Salesman / Order Booker bhi select karein.

2

Step 2: Dawa Aur Quantity Select Karein (FEFO Magic!)

Dawa select karein. System khud-b-khud woh batch samnay layega jis ki expiry sab se qareeb hai (saath sabz rang ka **FEFO (Earliest Expiry)** badge laga hoga!). Taadad (Qty) likhein aur agar discount dena ho toh Disc% likhein.

3

Step 3: Save Karein & Invoice Print Karein

Sabz button **Create & Print Sale Invoice** dabayein. Foran computer se DRAP standard ka Wholesale Tax Bill aur Driver Delivery Chalan print nikal aayega!

Khatay Ka Tahaffuz (Credit Limit Hold): Agar kisi medical store ka udhar pehle se bohot zyada ho chuka hai aur uski limit paar ho gayi hai, toh system foran red warning dega taake aap ka paisa na doobay!

5

Stock Check Karna Aur Kharab / Tooti Dawa Theek Karna

Inventory Cockpit aur Stock Correction (+ / -) ka aasan tareeqa

Godown me kitni dawa bachi hai aur unki expiry kab hai, yeh dekhne ke liye left menu se **Stock & Batches (Inventory)** par jayein:

Tasveer 5: Inventory Cockpit jahan neela button "+ Add New Stock" aur peela button "± Correct Stock / Damage" ooper hi diye gaye hain.

1

Agar Koi Shishi Toot Gayi Ya Kharab Ho Gayi:

Ooper peela button **± Correct Stock / Damage** dabayein. Dawa aur uska batch number choose karein. Waja likhein (maslan: "Peti me 2 bottle tooti hui nikleen"). Taadad me -2 likhein aur submit karein. System foran inventory ko durust kar dega.

2

Agar Ginti Me Ziyada Nikla:

Wahi button **± Correct Stock / Damage** dabayein, taadad me +5 likhein aur reason "Ginti me baramad hua" likhein.

3**Near Expiry Watchdog (Surkh Alerts):**

Cockpit par **Near Expiry (<90d)** aur **Expired Batches** ke boxes diye gaye hain. Agar koi dawa 90 din me expire hone wali hogi toh system pehle hi alert de dega taake aap usay discount par foran nikaal sakein ya factory ko wapis kar sakein.

6
