

OFFICIAL WHOLESALE MANUAL • DRAP PAKISTAN

PharmaDist ERP — Easy English User Manual

A simple, step-by-step visual operating guide designed for pharmaceutical wholesale distributors, warehouse supervisors, and order clerks. Every routine operation is explained in 1–2–3 steps with real screen illustrations.

Dashboard Cockpit & 6 Quick Action Buttons

Everything is 1-click away — No complex menu hunting required

When you log into PharmaDist ERP, you arrive at the **Wholesale Distribution Cockpit**. At the very top, you have 6 vibrant **Quick Action Cards** that allow you to create or record any transaction with a single click:

Figure 1: Main Dashboard featuring the 6 Quick Action cards and Pakistani Rupee (Rs. / PKR) live figures.

+ New Sale Bill (Green Card)

Sell medicines to client pharmacies and print instant DRAP wholesale tax invoices.

+ Add Factory Stock (Blue Card)

Enter new consignments received from pharmaceutical manufacturers with batch numbers and expiries.

+ Add Pharmacy (Purple Card)

Register new customer retail pharmacies, hospitals, or clinics and set their credit limit.

+ Add Supplier (Amber Card)

Register drug manufacturers, pharmaceutical suppliers, or authorized vendors.

+ Add Godown (Teal Card)

Configure storage godowns, cold storage rooms, or quarantine warehouses.

+ Record Expense (Red Card)

Log warehouse rent, electricity bills, delivery vehicle fuel, tea, and staff salaries.

Key Benefit: You don't need to hunt through sidebars. Over 95% of routine daily wholesale tasks are directly accessible from these 6 cards!

How to Change Your Admin Email & Password

Instant direct self-service in Settings — Zero technical assistance needed

If you want to update your system login email address or set a new password, open the Settings screen:

Figure 2: Top card in Settings: "Admin Login Email & Password (Apna Login & Password Badlein)".

1

Open Settings

Click on **System Settings** at the bottom of the left sidebar.

2

Enter New Email or Password

Right at the top, you will see the **Admin Login Email & Password** card. Type your desired email address and enter your new password (minimum 6 characters) in both password fields.

3

Click Save

Click the blue **Save My Email & Password** button. A green confirmation badge will appear and your new login details are instantly active!

Tip: If you only want to change your email address and keep your current password, simply leave the two password fields blank and click Save!

3

Entering Factory Stock (Purchase Intake & Batches)

Receive shipments, record batch numbers, expiry dates, and assign to godowns

When pharmaceutical shipments arrive from manufacturers, follow this procedure to record them into inventory:

PharmaDist ERP WHOLESALE PHARMA ERP

Purchases > New Search medicines, batches, invoices (🔍)

System Guide (📖) Apex Pharma Dist Main Hub

Direct Purchase Intake & Batch Creation

Book vendor consignment, register batch shelf-life, and commit stock to warehouse inventory.

Supplier & Consignment Metadata

Supplier / Manufacturer * [+ New Supplier](#) Supplier Invoice / Bill # Receiving Warehouse * [+ New Godown](#)

FEFO Test Pharma Supplier (Due: Rs. 0.00) e.g., SQ-INV-2026-99 Central Distribution Warehouse (MAIN)

Credit Terms: **Net 30 Days** • Outstanding Due: **Rs. 0.00**

Intake Date * Delivery / Arrival Date Consignment Memo / Notes

23-Sep-2026 dd- - - - - yyyy e.g., Seasonal bulk stock intake with free bonus goods

Purchased Medicines & Batch Allocation (1 Lines) [+ Add Line Item](#)

Specify batch codes, manufacturing/expiry dates, purchased quantities, bonus goods, and unit rates.

Medicine *	Batch # *	Location (Rack/Bin)	Mfg Date	Expiry Date *	Qty *	Bonus Qty	Cost (Rs.) *	TP (Rs.)
Select medicine	BX-2026-81	e.g., R-1	23-Sep-2026	22-Sep-2028	100	0	10	12

[+ Add Another Medicine Line](#) Total Physical Units to Receive: **100 units**

Upfront Supplier Payment Settlement (Optional) Invoice Breakdown Rs.

Figure 3: Purchase intake form with inline "+ New Supplier" and "+ New Godown" quick-creation buttons.

1

Open the Intake Form

Click the blue card **+ Add Factory Stock** on your Dashboard (or navigate to *Factory Purchase* in sidebar).

2

Select Supplier & Godown

Select the drug manufacturer. If the supplier is not in the list, simply click the **+ New Supplier** button right next to the dropdown to create it in 10 seconds! Select the destination warehouse (an inline **+ New Godown** button is also available).

3

Enter Factory Invoice Number

Type the invoice or consignment delivery challan number provided by the factory.

4

Enter Medicine, Batch # and Expiry Date

Select the drug item. Enter the **Batch Number** printed on the packaging (e.g. BX-2026-01), pick the **Expiry Date** using the calendar, and specify the received quantity and bonus units.

5

Enter Cost Price & Trade Price (TP)

Enter your purchase acquisition cost (Cost Rs.) and the wholesale trade price (TP Rs.).

6

Commit Stock

Click **Save & Receive Factory Stock** at the bottom. The stock immediately updates your warehouse inventory and credits the supplier ledger.

DRAP Compliance: Accurate expiry dates are critical. The system uses these dates to enforce First-Expire, First-Out (FEFO) dispensing to prevent expired medicine stock.

4

Booking Wholesale Sales & Automatic FEFO Allocation

Automated earliest-expiry batch selection and instant invoice printing

To invoice medicines to a pharmacy or clinic, click the green **+ New Sale Bill** button on your Dashboard. Follow these 3 easy steps:

Figure 4: 3-Step Sale Screen with inline "+ New Customer" button and green "FEFO (Earliest Expiry)" allocation badge.

1 Step 1: Choose Customer Pharmacy

Select the client pharmacy from the dropdown. If this is a new customer, click **+ New Customer** right above the dropdown to register them instantly without leaving the form. Select the sales representative if applicable.

2 Step 2: Add Medicines & Quantity (FEFO Automatic)

Pick the required medicine. The system automatically pre-selects the batch that expires earliest (indicated by the prominent green **FEFO (Earliest Expiry)** badge). Enter order quantity and any trade discount percentage.

3 Step 3: Save & Print Invoice

Click the green button **Create & Print Sale Invoice**. A formatted DRAP wholesale tax bill and vehicle delivery challan will open ready for immediate printing!

Credit Limit Protection: If a customer's unpaid balance exceeds their authorized credit limit, the system flags a warning to prevent unrecoverable bad debts.

5

Stock Cockpit, Corrections & Broken Goods

Real-time batch visibility and simple $\pm$ Stock adjustments

To inspect current warehouse balances, expiries, and valuation, go to **Stock & Batches (Inventory)** in the sidebar:

The screenshot displays the 'Medicine Stock & Batches Cockpit' interface. The top navigation bar includes the 'PharmaDist ERP' logo and a search bar. The sidebar on the left lists various modules: Overview, Master Data, Inventory, and Procurement. The 'Inventory' section is active, showing 'Stock & Batches (Inventory)'. The main content area features a 'Live Stock Cockpit' badge and two prominent buttons: '+ Add New Stock (Factory Intake)' and '+ Correct Stock / Damage'. Below these are four summary cards: 'AVAILABLE UNITS' (0), 'ASSET VALUATION' (Rs. 0.00), 'REORDER ALERTS' (0 SKUs), and 'FEFO EXPIRY ALERTS' (0 Batches). A search bar and filter options are provided, followed by a table with columns for 'MEDICINE & FORMULATION', 'BATCH & LOCATION', 'EXPIRY & FEFO STATUS', 'ACQUISITION COST', 'STOCK BALANCE', and 'STOCK STATUS'. The table currently shows 'No matching records found'.

Figure 5: Inventory Cockpit with "+ Add New Stock" and " $\pm$ Correct Stock / Damage" buttons right at the top.

1

Recording Breakage or Damaged Goods:

Click the amber button $\pm$ **Correct Stock / Damage** at the top. Select the medicine and batch, type the reason (e.g., "Broken bottles found in box"), set the quantity to negative (e.g. -2), and submit. Inventory updates immediately.

2

Physical Recount Surpluses:

Click the same $\pm$ **Correct Stock / Damage** button, enter positive quantity (+5), and record the physical audit reason.

3

Expiry Alerts (<90 Days):

Batches nearing expiry within 90 days appear in the **Near Expiry** alert box, enabling you to sell them at promo rates or arrange return-to-vendor (RTV) before expiry.

6

Recording Operating Expenses

Rent, electricity, fuel, delivery, salaries, and daily tea expenses

True net profitability requires logging daily overhead expenses into the system:

Daily Expenses & Bills (+ Record Kharcha)

Record warehouse rent, delivery fuel, electricity bills, staff tea & lunch, salaries, and daily maintenance expenses.

Total Operating Expenses
Rs. 0.00
Across 0 expense vouchers

Direct Logistics & Fuel
Rs. 0.00
Route beats & delivery expenses

Office & Utilities
Rs. 0.00
Rent, electricity & admin costs

Expense Heads
5 Categories
Accounting cost heads configured

Search by voucher # (EXP-...), payee, description, reference... [Search](#) All Categories All Methods

VOUCHER #	DATE	CATEGORY	PAID TO / PAYEE	DESCRIPTION	METHOD	AMOUNT (RS.)	STATUS	ACTION
No expense vouchers found Record a business operating voucher to start tracking.								

Figure 6: Expenses screen tracking operational cost heads.

1

Click Expense Button

Click the red card **+ Record Expense** directly on the Dashboard.

2

Choose Category

Select the cost head: *Warehouse Rent, Utilities & Electricity, Delivery & Fuel, or Staff Welfare / Tea.*

3

Enter Amount & Save

Enter the paid amount (e.g. Rs. 1500) and save. This expense is deducted automatically from your gross profit to compute true **Today's Net Profit**.

7

Daily Distributor Routine (Standard Operating Procedure)

Morning opening, operational hours, and evening financial closing

Morning (08:00 – 09:00):

Open Dashboard. Check **Low Stock** and **Near Expiry** alerts. Print customer collection recovery sheets for your field salesmen.

Operational Hours:

Receive incoming factory consignments using + **Add Factory Stock**. Book pharmacy sales with + **New Sale Bill** and hand delivery challans to drivers.

Evening Closing (17:00 – 18:00):

Record money collected by field salesmen under *Collections & Receipts*. Log daily expenses with + **Record Expense**. Verify **Today's Net Profit** on the Dashboard before closing!

Need Assistance? Whenever you have a question, click the  **System Guide (رہنمائی)** button in the top navigation bar. This interactive visual guide is always right at your fingertips!
