

PharmaDist Wholesale ERP

Mukammal System Guide & Video Script

Wholesale Medicine Distributors, Stockists, aur Agency Owners ke liye step-by-step Roman Urdu training manual, local Wi-Fi multi-PC setup, strict FEFO dispatch, aur client video recording blueprint.

⚡ 100% Offline (Zero Internet)

🌐 Local Wi-Fi Multi-PC Network

📦 Strict FEFO Expiry Engine

🧾 DRAP A4 Wholesale Invoices

SOFTWARE NAAM

PharmaDist Wholesale WMDMS v1.0.0

CURRENCY FORMAT

Pakistani Rupee (PKR / Rs.)

DATABASE ENGINE

High-Performance Embedded SQLite

TARGET AUDIENCE

Distributors, Accountants & Video Makers

1 Retail POS Aur Wholesale ERP Mein Bunyadi Farq

PharmaDist aam retail medical store ka software nahi hai, balkay yeh **Wholesale Pharmaceutical Distributors** ke liye banaya gaya hai jahan poore dhabbe aur cartons supply hotay hain:

PEHLOO	AAM RETAIL POS (MEDICAL STORE)	PHARMADIST WHOLESale ERP (AAPKA SYSTEM)
Customer Profile	Aam mareez (1 goli ya 1 syrup khareedte hain).	Licensed Medical Stores, Pharmacies, Hospitals.
Batch Tracking	Optional ya aam SKU hisaab.	Har dhabbe ke sath Factory Batch No. lazmi.
Expiry Queue	Aam taur par FIFO ya unmanaged shelf.	Strict FEFO (First-Expire First-Out) auto allocation.
Udhaar (Credit)	Counter par foran cash wasool hota hai.	Credit Limit Engine (Hadh cross hone par order lock).
Bill Printout	Thermal roll ki choti receipt (80mm / 58mm).	DRAP A4 Form 2-A Tax Invoice & Delivery Challan.

2 Local Wi-Fi Par Doosre Computers / Mobiles Connect Karna

Is software ko chalane ke liye **kisi internet ki zaroorat nahi hai**. Daftar ke tamam computers aur salesmen ke mobiles ek hi Wi-Fi router ke zariye aapas mein jud jatay hain:

HOST SERVER PC (Main PC)

Asal database (wmdms.db) is computer par hai. Pehle yahan run karein.

`http://localhost:3000`

BILLING WORKSTATION (PC 2)

Billing operator Main PC ke local IP ke zariye connect hota hai.

`http://172.20.100.127:3000`

MOBILE ORDER BOOKERS

Salesmen office Wi-Fi se connect ho kar foran order daal sakte hain.

`http://172.20.100.127:3000`

💡 **Wi-Fi Mashwara:** Apne Wi-Fi router mein Main Server PC ko Static IP (jaise 192.168.1.50) assign kar dein. Tamam staff apne browser mein yehi link bookmark kar ke kaam shuru kar sakta hai.

Pre-Created Login Credentials

ROLE	EMAIL ADDRESS	PASSWORD	IKHTIYARAT (PERMISSIONS)
Super Admin (Owner)	<code>admin@pharmadist.com</code>	<code>admin123</code>	Har cheez ka full access, settings, backup, team aur audit logs.
Sales Manager	<code>sales.manager@pharmadist.com</code>	<code>sales123</code>	Naye orders banana, rate lagana, credit limit override approve karna.

ROLE	EMAIL ADDRESS	PASSWORD	IKHTIYARAT (PERMISSIONS)
Warehouse Officer	warehouse@pharmadist.com	warehouse123	Factory se maal dakhil karna (GRN), batches check karna, transfer.
Accounts Officer	accounts@pharmadist.com	accounts123	Market recovery dakhil karna, money receipts, suppliers settlement.

3 Step-by-Step Karobari Sequence (Steps 1 se 5)

1 Company Profile Aur DRAP Wholesale License Setup

[Settings → General](#)

[/settings](#) par jayein. Apni agency ka registered naam, DRAP Wholesale Drug License No. (jaise DRAP/WDL/LHR-4921), NTN, STRN, godown ka mukammal pata aur bank account details enter karein. Yeh saari details automatically print hone walay Tax Invoices aur Delivery Challans par aayengi.

2 Warehouse (Godown) Aur Racks Structure Banana

[Inventory → Warehouses](#)

Apne physical godowns configure karein. Central Godown banayein aur uske andar racks aur shelves define karein (maslan Rack A-01 (Antibiotics), Cold Chain Unit #2 (Insulins)). Is se order pack karte waqt staff ko foran pata chal jata hai ke dawai kahan padi hai.

3 Manufacturers Aur Factory Suppliers Add Karna

[Purchases → Suppliers](#)

Licensed pharmaceutical multinational aur national companies (GSK, Abbott Laboratories, Getz Pharma, Searle, Highnoon) ko register karein. Unka NTN, payment credit terms (jaise 30 din ka udhaar), aur contact numbers darj karein.

4 Medicines (Dawaiyon Ka Master Catalog) Register Karna

[Medicines → Catalog](#)

Dawaiyon ke master profiles banayein: Generic salt name, dosage form (Tablet, Syrup, Injection), Trade Price (TP), Maximum Retail Price (MRP), wholesale discount rate, aur minimum reorder alert limit set karein taake stock khatam hone se pehle alert milay.

5 Purchase Intake (Factory Se Maal Dakhil Karna – GRN)

[Purchases → New Consignment](#)

Jab factory se shipment aaye, Supplier chunein, Delivery Challan number likhein, aur har dawai ka Manufacturer Batch Number, Manufacturing Date, Expiry Date, khareed qeemat, aur godown rack location select karein. Submit karte hi godown ka stock aur factory liability (AP) update ho jati hai.

 **FEFO Expiry Guardrail:** Purchase dakhil karte waqt hamesha dhabbe par likhi hui theek expiry date daalein. System ka automated FEFO algorithm isi date ki bunyad par sab se pehle expire hone wala dhabba sale ke liye pick karta hai.

6

Customer Pharmacies & Credit Limit (Udhaar Ki Hadh)[Customers → Directory](#)

Medical stores, retail pharmacies, aur hospital procurement accounts add karein. Unka Pharmacy Drug License number, maalik ka mobile no, route, aur Credit Limit (jaise Rs. 300,000 aur 15 din ka udhaar) set karein.

7

Sales Representatives (Order Bookers / Field Staff)[Sales Reps → Teams](#)

Field order bookers aur delivery boys create karein. Har salesman ko unka market area/route aur mahana sales target assign karein taake unki recovery aur commission ka hisaab lagaya ja sake.

8

Wholesale Order Booking (Strict FEFO Batch Engine)[Sales → New Wholesale Order](#)

Pharmacy select karein. Screen par foran customer ka credit gauge nazar aayega ke kitna udhaar baqi hai. Jaise hi dawai chunein ge, system khud ba khud First-Expire First-Out (FEFO) ke mutabiq sab se pehle expire hone wala batch utha lega. Agar udhaar limit cross ho toh manager approval chahiye hota hai.

9

DRAP A4 Tax Invoice Aur Delivery Challan Print Karna[Invoices → Print Engine](#)

Print Invoice par click karein aur single-page A4 size ka mukammal Tax Invoice print ho jayega jisme Batch No, Expiry, TP, MRP, discount aur customer seal line hoti hai. **Print Challan** par click karne se delivery driver ke liye baghair keemat wala challan print hota hai.

10

Market Recovery Collections & Printable Money Receipt[Payments → New Collection](#)

Jab salesman market se paise laye, toh Cash, Cheque, ya Bank Transfer select karke amount dakhil karein. FIFO rule ke tehat purane pending bills pehle clear ho jayenge aur customer ke liye official printable **Money Receipt (RCT)** generate ho jayegi.

🌟 **Historical COGS Integrity:** Har invoice sale ke waqt ki asal khareed qeemat (COGS) ko hamesha ke liye lock kar leti hai. Chahe 2 mahine baad factory rate barh bhi jaye, purana munafa 100% accurate aur verifiable rehta hai.

11

Rozmarrah Ke Kharchay (Business Overhead Expenses)[Expenses](#) → [Ledger](#)

Godown ka kiraya, bijli ke bill, chai, stationary, salesman fuel allowance, aur doctor marketing ke kharche darj karein. Yeh kharche foran gross profit se nikaal kar asal Net Profit calculate karte hain.

12

Executive Profit Cockpit (Gross Profit vs Net Profit)[Profit & Loss](#) → [Executive Cockpit](#)

Distributor / CEO ke liye asal munafa dekhne ka cockpit. Chaar baray indicators live update hotay hain:

SALES REVENUE

Rs. 2.45M

Kul Bika Maal

BATCH COST (COGS)

Rs. 1.96M

Asal Khareed Qeemat

GROSS MARGIN

Rs. 490K

20.0% Khaam Munafa

NET PROFIT

Rs. 385K

Khaalas Munafa

13

Reports Suite Aur Excel / CSV Data Export[Reports](#) → [Reporting Center](#)

9 specialized reports mojud hain: Customer Balances (AR), Supplier Liabilities (AP), Inventory Valuation, Batch Expiry Watchdog (30/60/90 din), Low Stock Reorder, aur Sales Rep Targets. Har report ko ek click par Excel (.xls) ya CSV mein download karein.

14

Database Snapshot & Disaster Recovery (Data Mehfooz Karna)[Settings](#) → [Backup & Maintenance](#)

Ek click par live SQLite database backup file (`.db`) apne computer ya USB drive par download karein. Agar computer kharab ho jaye, toh naye computer mein software daal kar backup file ko `prisma/wmdms.db` bana dein; 100% data foran wapas aa jayega!

15

Staff Team Governance Aur Tamper-Proof Audit Logs[Audit Logs](#) → [Forensic Logs](#)

Role-Based Access Control (RBAC) ke tehat har staff ka daera-e-kar alag hota hai. Tamam ahem actions (rate badalna, bill cancel karna, credit override) tamper-proof audit trail mein hamesha ke liye user ID aur time ke sath record hotay hain.

4 Client Video Demo Script (Lafz-ba-Lafz Roman Urdu Dialogue)

Apna screen recorder (OBS ya Camtasia) on karein aur microphone par yeh script aaram aur confidence ke sath bolein:

Scene 1: Introduction & Architecture

0:00 – 0:45 (45 Seconds)

Screen: Dashboard Home Cockpit (/dashboard)

"Assalam-o-Alaikum! Aaj hum PharmaDist Wholesale Medicine Distribution ERP ka mukammal live walkthrough dekhenge. Yeh software khas taur par pharmaceutical stockists, authorized distributors, aur medicine wholesale agencies ke liye banaya gaya hai. Yeh 100% offline chalta hai aur aapke office ke tamam computers aur order bookers ke mobiles ko local Wi-Fi ke zariye baghair kisi internet ke connect kar sakta hai."

Scene 2: Dashboard Cockpit & Real-Time Metrics

0:45 – 1:15 (30 Seconds)

Screen: Real-time KPI Cards, Sales Graphs, aur Expiry Feeds

"Dashboard par aapko ek nazar mein pata chalta hai ke aaj ki total sales kitni hui, market se cash recovery kitni aayi, pharmacies par kul kitna udhaar (Receivables) hai, aur humne factory suppliers ko kitne paise ada karne hain. Sath hi agle 30 dinon mein expire hone wali dawaiyon ke live alerts hain taake koi batch godown mein zaya na ho."

Scene 3: Purchase Consignment & Batch Intake

1:15 – 2:15 (60 Seconds)

Screen: New Purchase Intake (/purchases/new)

"Chalein ab ek factory consignment receive karte hain. Hum Purchases -> New Purchase par gaye. Yahan humne supplier select kia Getz Pharma. Dawai select ki Augmentin 625mg. Factory ka batch number daala, expiry date daali, khareed qeemat, aur godown rack location likh di Rack B-4. Jaise hi humne submit kia, yeh batch foran hamare stock mein shamil ho gaya aur supplier ledger mein entry ho gayi."

Scene 4: Wholesale Order & Strict FEFO Auto Batch

2:15 – 3:45 (90 Seconds)

Screen: New Sales Order (/sales/new)

"Ab hum ek medical store ko wholesale bill bana kar bechte hain. Humne pharmacy select ki Al-Shifa Medicos. Notice karein ke screen par foran customer ka credit gauge aa gaya ke inka purana udhaar kitna hai aur inki limit Rs. 250,000 hai. Ab jaise hi humne dawai add ki, system ne khud ba khud First-Expire First-Out (FEFO) ke mutabiq sab se pehle expire hone wala batch pick kar liya. Agar limit cross ho toh system order hold kar deta hai."

 Scene 5: DRAP Single-Page Tax Invoice & Challan

3:45 – 4:30 (45 Seconds)

Screen: Invoice Print Engine Modal (/invoices)

"Yeh dekhein, system ne foran DRAP standards ke mutabiq A4 size ka single-page Tax Invoice generate kar diya. Isme batch number, expiry, TP, MRP aur warranty stamp mojud hai. Sath hi delivery driver ke liye baghair qeemat wala Delivery Challan bhi generate ho jata hai taake maal safe pohanch sakay."

 Scene 6: Market Recovery Collections & Receipt

4:30 – 5:15 (45 Seconds)

Screen: Payment Collections (/payments)

"Jab salesman market se paise le kar aata hai, toh hum Payments par ja kar Record Collection par click karte hain. Pharmacy choose ki, received amount Rs. 50,000 daali. System ne FIFO rule ke mutabiq purana bill pehle clear kar diya aur customer ke liye instant Money Receipt print modal khol diya."

 Scene 7: Profit & Margin Intelligence

5:15 – 6:00 (45 Seconds)

Screen: Executive Profit Cockpit (/profit)

"Yahan Executive Profit cockpit par distributor apna asal munafa dekh sakta hai. Yeh Gross Profit aur tamam office expenses nikaal kar Net Profit dikhata hai. Mazeed yeh ke har dawai aur har salesman ka alag alag munafa bhi yahan live derive hota hai."

 Scene 8: Offline Data Security & Conclusion

6:00 – 6:30 (30 Seconds)

Screen: Settings → Backup & Maintenance Tab

"Aakhri cheez: Data security. Settings mein Backup & Maintenance tab par ja kar aap ek click par poore system ka live database backup download kar sakte hain taake aapka saara data hamesha aapke paas safe rahe. Yeh hai PharmaDist Wholesale ERP — fast, secure, aur mukammal offline distributor solution. Shukriya!"

5 Khas Sawalaat Aur Asaan Jawabaat (FAQ)**Q: Order banate waqt "Stock Error" aye toh?**

Hal: Is batch mein stock khatam hai. **Purchases** → **New** mein naya consignment dakhil karein ya doosra batch select karein.

Q: "Credit Limit Exceeded" alert ka matlab?

Hal: Us pharmacy ka udhaar limit se barh gaya hai. Pehle purana udhaar wasool karein ya Sales Manager se override approve karwayein.

Q: Kia expired dawai ka bill ban sakta hai?

Hal: **Hargiz nahi!** System expired batch ko sales queue se khud ba khud block kar deta hai taake koi ghalti na ho.

Q: Computer kharab ho jaye toh data kaise bachega?

Hal: Apni backup file ko naye computer ke **prisma/** folder mein copy karein aur uska naam **wmdms.db** rakh kar app chala dein.
